

# WHERE IS WILD?

If you want to go to a place that is wild, where would you go? What would you see? What would you NOT see? Draw a **circle** around the words of things you might see in a wild place. Draw a **box** around the words of things you would NOT see in a wild place. It will be fun to talk about your answers because not everyone will agree about what you might or might not see in "WILD!"
